New York, New York 10017

Dear Howard:

I am enclosing some of the additional data which you wanted from Dr. Baxt. It has to do with the ranges of time and temperature on the Mylar and may mean that we shall have to refile on that case, as you suggested. Also, it gives the additional materials with which the Mylar has been metallized.

Sincerely,

Thelma

Mrs. Thelma C. Heatwole
Patent Liaison Officer
